## You get more value with Delta Dental Premier.

Delta Dental believes in the value of preventive care, that's why we cover preventive procedures like routine check-ups and cleanings at 100% with no deductible. Research shows that every dollar invested in preventive care saves up to \$50 in expenses for restorative and major dental care.

For just a few dollars each month you can improve your oral health and even your overall health. Did you know that over 125 medical conditions can be identified during a routine dental exam?

Click on the [Dentist Search](#) link to find a Delta Dental dentist near you.

**Enroll this October.**
